

AMINO ULTRA

AMINO ULTRA is a high quality, amino acid formula to support brain function and muscle metabolism.*

AMINO ULTRA is a scientifically formulated combination of 21 crystalline, free-form amino acids in the natural L-configuration. It provides all the necessary “building blocks” for the production of body proteins.*

Free form amino acids are readily bioavailable and require no digestion by the body. They can be absorbed efficiently into the bloodstream and accompanying tissues where they can be used for cellular regeneration.*

Recommended For

- Individuals seeking support for mental and physical performance
- Those looking to support protein synthesis, including hormone, enzyme, and antibody production
- Individuals aiming to support fat metabolism and nervous system health
- People focused on maintaining muscle development and healthy body tissue
- Elderly individuals, athletes, and those with normal immune function
- Anyone with dietary protein intake below the U.S. Recommended Daily Allowance (RDA)

Key Ingredients & Benefits

Protein is one of the foundational nutrients required to maintain overall health, vitality, and optimal body function. It plays a critical role in the growth, repair, and maintenance of muscles, skin, hair, nails, blood, bones, and internal organs. Protein is also essential for the production of hormones, enzymes, neurotransmitters, and antibodies that support metabolism, immune health, and cellular communication.

AMINO ULTRA is formulated with individually sourced crystalline free-form amino acids rather than hydrolyzed or predigested protein blends. Unlike whole protein sources that require extensive digestion and enzymatic breakdown into usable amino acids, free-form amino acids are readily available for absorption and utilization by the body.

Because they require minimal digestive effort, free-form amino acids may help support protein synthesis, tissue repair, recovery, energy production, neurotransmitter balance, and overall metabolic function—particularly in individuals with compromised digestion, increased metabolic demand, or poor protein absorption.”

Important Information

- **Warning:** Individuals with PKU (phenylketonuria) or who are pregnant or nursing should not use this product.
- Keep out of reach of children. Store in a cool, dry place.

Product Information

30 Vegetarian Servings
Gluten Free | Soy Free

Supplement Facts

Serving Size: 1 Capsule

Servings Per Container: 90

Nutrient	Amt Per Serv	% Daily Value
Glutamic Acid	225 mg	*
L-Glutamine	75 mg	*
L-Taurine	75 mg	*
L-Aspartic Acid	45 mg	*
L-Glycine	45 mg	*
L-Lysine HCl	30 mg	*
L-Phenylalanine	30 mg	*
Tyrosine	30 mg	*
L-Arginine	22.5 mg	*
L-Cystine	22.5 mg	*
L-Leucine	22.5 mg	*
L-Methionine	22.5 mg	*
L-Alanine	15 mg	*
L-Serine	15 mg	*
L-Threonine	15 mg	*
L-Citrulline	15 mg	*
L-Valine	15 mg	*
L-Histidine HCl	7.5 mg	*
L-Isoleucine	7.5 mg	*
L-Ornithine HCl	7.5 mg	*
L-Proline	7.5 mg	*

**Daily Value not established.*

Suggested Use

As a dietary supplement, take 1 capsule between meals, 3 times daily, or as directed by your healthcare practitioner.

Other Ingredients

vegetable cellulose (capsule).
