

ReBiosis is a botanical and nutraceutical formulation designed to support optimal gastrointestinal health by fortifying the gastrointestinal barrier and gut microbiome.

ReBiosis's superior gastrointestinal support may also bolster metabolic health and the immune system's defenses, which are closely linked with gut health. After all, around 70% of the immune system resides in the gastrointestinal tract and plays a crucial role in food allergies, chronic inflammation, autoimmune conditions, neurochemical balance, toxin elimination, electrolyte and fluid regulation, and infection resistance.

ReBiosis harnesses the benefits of three plant-based compounds: Berberine, an alkaloid long used for gut support; Cat's Claw (*Uncaria tomentosa*) root/stem bark, which helps improve intestinal integrity; and Grapefruit (*Citrus paradisi*) Seed Extract, a potent antimicrobial.

RECOMMENDED FOR

- Targeting harmful gut bacteria
- Supporting the balance of gut microbiome
- Improving the health of the gastrointestinal barrier
- Enhancing immune response
- Regulating metabolic function
- Reducing inflammation

ABOUT THE FORMULA

ReBiosis is formulated to support optimal gut health, improve metabolic function, and prevent dysbiosis. Dysbiosis occurs when microflora, a complex group of bacteria that reside in the gut, are out of balance. It can occur because of a variety of lifestyle factors, including antibiotic use, poor diet, alcohol use, stress, and lack of sleep.

Likewise, the gut and immune system functions have an innate relationship, which then affects metabolic balance and overall well-being. When left untreated, dysbiosis can result in chronic inflammation and inflammatory bowel disorders, as well as nutrient deficiencies, allergies, fatigue, skin issues, brain fog, sleep issues, mood imbalances, hormonal imbalances, weight gain, and more.

The unique combination of compounds in ReBiosis may help overall improve gut balance, stave off dysbiosis, promote immune resiliency, and lead to more favorable overall health.

SUPPLEMENT FACTS

Serving Size: 3 Capsules

Amount Per Serving

Berberine HCL (standardized to 97%) 400 mg, Cat's Claw (*Uncaria tomentosa*) root/stem bark (standardized to 3% alkaloids) 1,000 mg, Grapefruit (*Citrus paradisi*) Seed Extract 200 mg.

WARNING: If pregnant or nursing, consult your healthcare practitioner before taking this product.

DISCLAIMER

The information provided is for educational purposes only and has not been reviewed by the U.S. Food and Drug Administration.

SUGGESTED USE

As a dietary supplement, take 1 capsule three times daily, or as directed by your healthcare practitioner.
